

## MINOLTA FAX 3800

The MinoltaFax 3800 is the multi-function fax solution that makes information move faster — to make your workgroup more productive. You'll benefit from Super G3 faxing at up to 33.6 Kbps, scan speed as little as 2.3 seconds per page, and powerful maximum memory capacity of 14MB. Super Fine Micro-Toning with Imaging Smoothing at reception improves the quality of your fax printouts. You'll have Dual Line capability, as well as professional fax functions like Broadcast and Fax Forwarding, Timer, Confidential Transmission/Reception, F-Code Support, and Memory Transmit Overflow. You can even add Minolta's Internet Fax/Network Scan kit to scan documents via the Internet or directly to e-mail addresses.
