Design and share impressive colour and black and white documents without stretching your budget with this affordable, easy-to-use, ultra-quiet, network-ready printer. Brilliant colour is now within your reach, creating hundreds of new possibilities.

**This printer meets the needs of the small office and home office user who wants to add colour to business documents and also create marketing materials in-house. It is also ideal for sharing within small work teams.**

**Create brilliant, high-quality, professional colour documents cost-effectively.**

- Achieve crisp detail and consistent colour with HP Imageret 2400 Technology and reliable HP printing supplies.
- Expand the possibilities for your business and marketing documents by adding high-impact colour.
- Perfectly priced for home offices yet powerful enough for small offices and work teams, this HP Color LaserJet enables you to produce affordable promotional materials in-house.
- Take advantage of built-in support for HP speciality and everyday papers.

**This conveniently compact, space-saving printer is easy to set up, use and maintain.**

- Use the intuitive two-line, 16-character, front-panel LCD display to set up and manage the printer and its supplies.
- Four HP Print Cartridges are included: one black, three colour, with access via a single door for quick and easy replacement.
- Paper handling features include a 250-sheet covered universal paper tray with the option to add a second 250-sheet tray.
- Simple paper path for hassle-free printing.

**Exceptionally quiet, this network-ready LaserJet delivers consistent performance you can rely on.**

- Its extremely low noise level means you will barely notice the printer is there.
- No wait as the built-in Instant-on Technology delivers a first colour page in as fast as 20 seconds.
- Quickly print documents in colour or black at a speed of up to 8 pages per minute.
- Rely on built-in networking for easy sharing, 16 MB memory, and a 264 MHz processor to make light work of complex colour jobs.
- Accomplish more with enhanced-function Microsoft® Windows® and Apple Macintosh drivers.
