Compact power

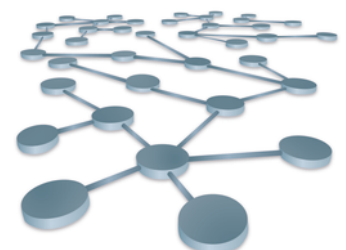

PRODUCTIVITY

Produce your documents in no time with the SP 3400N/SP 3410DN. The printers warm up in less than 20 seconds. In a mere 8 seconds, the first print is ready on your desk. Continuous print speed is a fast 28 pages per minute.

USER-FRIENDLY OPERATION

Like all Ricoh products, the SP 3400N/SP 3410DN are straightforward to use. Quick and simple user maintenance is ensured. With only one easy-to-replace cartridge, you conveniently replace drum and toner in one go. Paper can easily be removed from the full-front operational paper pass in the rare case of a jam.

EASILY CONNECTED

Our devices are suitable for shared use. With standard USB 2.0 and Ethernet 10 base-T/100 base-TX, the SP 3400N/SP 3410DN fit right into your existing network. You can send each job to the most appropriate network machine. That way, you get the best value from each of your output systems.

VERSATILE PRINTING

- Print on envelopes.
- Save time by collating your prints automatically.
- Protect confidential documents by using a watermark.

RELIABLE PARTNERS

The SP 3400N/SP 3410DN are built to last and will never let you down. Their high duty cycle means they are constantly at your service. Ricoh guarantees the excellent quality of its products. Rely on our proven experience and expertise to help you optimise your business processes.

WE THINK GREEN, DO YOU?

Ricoh devices respect the environment and, at the same time, make your print workflow more cost-efficient. Warm-up times are short, allowing optimal use of the energy saver mode. The SP 3410DN's paper-saving duplex capability further reduces energy costs. What is good for nature is also good for you.
