

MINOLTA FAX 2800

For high-speed, high-quality fax, scan, copy and print capabilities with all-in-one convenience, choose Minolta. The MinoltaFax 2800 gives you Super G3 faxing at up to 33.6 Kbps, 2 MB memory to 10 MB, and high-resolution 600 dpi printing. It also has a host of special features to make you more productive — including broadcast and fax forwarding, timer transmission, confidential transmission and reception, F-Code support, memory transmit overflow, built-in parallel/serial interfaces for PC connectivity as well as options for network printing, scan-to-email, and Internet faxing. Perfect for workgroups and small offices, departments, and branch locations, the MinoltaFax 2800 is designed to make any information environment more productive.

MINOLTA
